

# It's worth hanging around for!

**ArtiTeq** system for paintings, posters, wall displays, mirrors and other wall decorations.

A system designed especially for use in galleries, museums and exhibitions. Improving efficiency by reducing the time required for the installation and removal of art, allowing curators to focus on exhibits.

The **ArtiTeq** system allows for maximum horizontal and vertical flexibility without damaging walls, eliminating costly repairs patching holes and painting expenses.

## **The new Solid Slider**

Ideal for galleries where rails are mounted on the ceiling or high on the wall.

The solid sliders unique design in combination with our ratchet hook (15kg carry capacity) makes interchanging or repositioning your works of art a breeze.
